### 2) Significant accounting policies

#### (a) Basis of preparation

These financial statements have been prepared in accordance with the Generally Accepted Accounting Principles in India ("Indian GAAP") to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013. The financial statements have been prepared under the historical cost convention on accrual basis, except for certain financial instruments which are measured at fair value.

#### (b) Use of estimates

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses and disclosures of contingent liabilities at the date of these financial statements. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

#### (c) Revenue recognition

The Company recognises revenues on Sale of Services/Goods when invoices are issued to the customers.

#### (d) Depreciation and amortisation

Company follows Schedule II of Companies Act, 2013 for calculating the Depreciation. But there was no asset purchased during the year.

#### (e) Property, Plant & Equipment

**(f) Inventories**

There is no Inventories found during the review.

**(g) Retirement Benefits**

No provision is provided for accrued gratuity and other retirement benefits.

**(h) Amortization of Preliminary Expenses**

No preliminary expenses have been amortized. All expenses have been taken on current year itself.

**(i) Investment**

There is no Investment in the books of Company.

**(j) Taxation**

Current income tax expense comprises taxes on income from operations in India. Income taxable in India is determined in accordance with the provisions of the Income Tax Act, 1961.

Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax after the tax holiday period. Accordingly, MAT is recognised as an asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with it will fructify.

Deferred tax expense or benefit is recognised on timing differences being the difference between taxable incomes and accounting income that originate in one period and is likely to reverse in one or more subsequent periods. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

In the event of unabsorbed depreciation and carry forward of losses, deferred tax assets are recognised only to the extent that there is virtual certainty supported by convincing evidence that sufficient future taxable income will be available to realise such assets. In other situations, deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available to realise these assets. Advance taxes and provisions for current income taxes are presented in the balance sheet.

**(k) Provisions, Contingent liabilities and Contingent assets**

A provision is recognised when the company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognised in the financial statements. A contingent asset is neither recognised nor disclosed in the financial statements.

**(l) Earnings per Share**

Basic earnings per share are calculated by dividing the net profit & loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.
